PRINTED DAILY BY SNOWDEN.

CONGRESS
OF THE UNITED STATES.

HOUSE OF REPRESENTATIVES.

Friday, December 24, 1802.

A communication was received from the secretary of state containing an abstract of the collectors returns pursuant to the act for the relief and protection of American seamen, also extracts from the communications received from the agents in foreign countries for the relief of American seamen.

Mr. Thatcher presented a petition from sundry inhabitants of Maine, praying for a division of the district of Waldoborough.

Referred to committee of commerce and manufactures.

Mr. Greene called up the resolution, offered by him yesterday, instructing the committee of commerce and manufactures to enquire into the expediency of providing by law, for fixing the port of entry for the Mississippi Territory at Fort Adams, and the port of delivery at the Natchez.

On the suggestion of Mr. Griswold the resolution was so modified, as to confine it to an enquiry into the expediency of making the Natchez a port of delivery, in which shape it passed.

Mr. Van Rensselaer moved the appointment of a committee to bring in a bill for erecting a monument to the memory of General Herkimer, pursuant to a resolution of Congress passed the 4th October, 1777.

Ordered to lie on the table.

Mr. Thomas called the attention of the house to a part of the unfinished business of the last session. A bill to extinguish the claims of the United States for balances reported against certain states, &c. was postponed during the last session to the 4th Monday in November. He moved the reference of so much of the report of the committee of revisal and unfinished business as related to this subject, to a select committee.

Ayes 26—Lost.

Mr. Morris observed that, if in order, he would move the reference of so much of the report of revisal and unfinished business as related to the petition of C. L'Enfant, to the secretary of state.

The speaker said this would be irregular, as it would involve the reference of a report of the committee of claims to the secretary, which was contrary to the practice of the house.

Mr. Morris, afterwards, moved the reference of the report of the committee of claims on the petition of Mr. L'Enfant to a committee of the whole on Monday week. Carried.

Mr. Morris then moved that the secretary of state be directed to furnish this house with such documents as are in his possession, relating to the claim of C. L'Enfant for services rendered in laying out the city of Washington, under the direction of the President of the United States.

Agreed to.

Mr. Rutledge presented the petition of Thomas Shubrick, of South-Carolina, praying to be released from a contract made by him in 1799, for supplying timber for the building of 74's.

Mr. Rutledge stated at considerable length the circumstances attending the case, and moved a reference of the petition to the secretary of the navy.

Agreed to.

Mr. Lowndes presented the petition of Adam Tunno and others, assignees of M'Farlane, &c. praying to be released from the payment of duties on goods destroyed by fire.

Referred to the committee of commerce and manufactures.

We are desired to state Mr. Morris to have observed, on Wednesday, that the necessity of his motion, to prolong the time of selling lands for the non-payment of taxes arose from the confused manner in which the assessments had been made in *a part of the state* he represented, instead of in *that* part of the state he represented. *Edit. Nat. Intel.*

REPORT.

The secretary of the navy, the secretary of the treasury, and the secretary of war, commissioners under the "Act for the better government of the Navy of the United States,"

Respectfully report to Congress,

That since the 31st of December, 1801, the date of their last report, there has accrued, and will accrue to the end of the present year, for interest and reimbursements of the principal of the debt of the United States, belonging to the fund for satisfying navy pensions, the sum of dollars, 5,880 20 cents, which added to the sum of dollars, 3,507 41 cents, being the balance unapplied at the end of last year, form an aggregate of dols. 9,387 61 cents, as exemplified in the annexed statement, marked A. That the pensions of the persons on the invalid list of the naval establishment, which have been paid, or are in a course of payment for the same period, amount to the sum, dolls. 3,200 37 cents, as appears by statement B. which being deducted from the amount of interest and reimbursement, as above stated, leaves a balance unapplied of dols. 6,187 24 cents.

That there has been received from the treasury, of monies arising from the sales of prizes, including dols. 1,923,45 previously on hand the sum of dollars, 42,562 80 cents, for the investment of which in stock of the funded debt of the United States, or in bank stock, measures have been taken; and it is intended to invest in like manner the unapplied balance of interest and reimbursement, with the reservation of a small sum in the treasury, to meet eventual demands of applicants for pensions.

For and in behalf of the board.

ROBERT SMITH.

DOCUMENTS
ACCOMPANYING THE
Communication of the
PRESIDENT OF THE U. STATES,
TO BOTH HOUSES OF CONGRESS.
Made the 15th day of December, 1802.
(Continued.)

Extracts of letters from James Simpson, Esq. Consul of the U. States, for Morocco, resident at Tangier, to the Secretary of State.

From No. 35.

Dated TANGIER, *8th Jan.* 1802.

"At this time Muley Soliman has not a single vessel of war afloat; at Salle two frigates of about 20 guns are building, and may probably be launched next Spring, but he is in want of many stores for them ere they can be sent to sea. At Tetuan, they have lately patched up an old half galley, to carry two bow guns and 50 men, but, if I am to judge from her appearance last May, she is scarce fit to go to sea. This is all the navy.

"When Muley Soliman requested I would procure for his use, the mentioned one hundred gun carriages, he particularly mentioned they would be paid for on delivery at this port, as advertised in No. 33. I was in hopes Mr. Bulkeley might have been able to contract for them, payable in that way, but he acquainted me they must be paid for in Lisbon, and that he judged they might cost about three hundred and twenty mill rees each. Highly desirous of gratifying his Majesty, and having no other means of providing for payment of these carriages, I proposed drawing for the sum that might be required, on account of my salary; this I trust, at your side, will be admitted as a proof, that nothing in my power to do, on this occasion, has been wanting, notwithstanding what the Emperor and his ministers may suppose.—Should government think well of making the Emperor of Morocco a present at this time, as a fresh proof of the friendship of the United States (in the event of his continuing the peace uninterrupted, as I trust will be the case) these carriages, in my opinion, would be more acceptable to him than any thing else; in that case it will be necessary to give Mr. Bulkeley directions respecting the payment of them. Should this measure be determined on, I would with due submission beg leave to recommend a letter being sent by the President to the Emperor on the occasion; especially as since the recognition of the treaty, in 1795, and his letter of the 18th Aug. that year, no direct communication whatever has been made to his Majesty, on the part of the United States.

"The Tripoline ambassador or messenger came from thence so long ago, was permitted on Saturday last, to proceed for Fez to meet the Emperor. This man's business in this country is not precisely known, but will soon be, after he may have an interview with Muley Soliman.

"On Monday the 14th ult. the Bashaw sent for me, & after making his secretary and other attendants retire, he told me Muley Soliman was much displeased at my not having obtained for him the gun carriages he had commissioned, adding that the reasons I had alledged in my last letter to the Emperor on the subject, were by no means satisfactory, as they appeared to him to be merely excuses. Conscious that I had said nothing but what Mr. Bulkeley had written me, on the part of the carpenter at Lisbon, who had offered to contract to make these carriages. I felt perfectly easy on the occasion, & endeavoured to convince the Bashew that the motive alledged for his Majesty's displeasure was groundless, of which he at least seemed to be satisfied. He then said he was also instructed by his Majesty, to demand whether I was authorised to make him presents of money from time to time. I answered, that by the treaty made between Sidy Mahomet and the United States of America, and confirmed by Muley Soliman, no stipulation whatever was made for my government making presents at any stated periods, of consequence that I was without any instructions on that subject.

"The Tripoline went to the Emperor as ambassador, solicited some cargoes of wheat, and is gone to Rhabat with permission to load; but he certainly will not find vessels to charter whilst Tripoli continues blockaded. The Emperor having also been solicited to give his assistance towards getting the Tripoline brig, which lays at Gibraltar, sent home, consented to give a crew and provisions for that purpose. A few days ago the Governor solicited from the Swedish consul and myself in his Majesty's name, passports for her, which having convinced him it was not in our power to grant, under the actual situation of Tripoli, it was agreed we should write admiral Sidersfrom and commodore Dale, on the subject, which has been done."

From No. 38.

Dated 29th March, 1802.

"I confirm that Muley Soliman has agreed to allow wheat to be sent from his country to Tripoli; but I should think it will be next to an impossibility for them to find vessels to charter for that voyage, whilst that port is so notoriously known to be blockaded; whatever may be done in this particular, at any of the Emperor's ports, I shall take care to advise the commanders of the frigates on this station of."

From No. 39.

Dated 13th May, 1802.

"Yesterday I had certain intelligence of the Governor of Rhabat having received his Majesty's orders on the 6th inst. for sending a schooner to Dareibeyda immediately to load wheat for Tripoli.

"On the 2d inst. the two frigates were launched at Rhabat, I am assured they are pierced for 26 guns each on the main deck; if so they must be much crowded, for no ship of a suitable length, and draft of water for that force can enter any of the ports of this empire. Nothing that I yet know of has been done towards obtaining the small cruizers it was said his Majesty intended to station at this port."

From No. 40.

Dated 5th June, 1802.

"I have the honor to transmit herewith the copy of No. 39, also a translation of the Minister's answer to the letter written him on the 25th April by the Swedish consul and myself, on the subject of his Majesty's desire of sending wheat to Tripoli, by which you will see he submits the propriety of that measure to the letter of the treaties of Sweden and the United States, with this country. Unfortunately neither make any provision for such a case, nor are blockaded ports mentioned in them. Hitherto none of the shipments have taken place.

"Sunday last the Governor sent for Mr. Wyk and me to shew us a letter from his Majesty, desiring to know if we were yet authorized to grant passports for that wheat and the Tripoline ship laying at Gibraltar, which of course was answered in the negative.

"It did appear he had been instructed to treat with us upon the subject, in the precise terms of the minister's letter, we however did fail not to repeat to him that all sort of intercourse by sea with blockaded ports was pointedly opposite to the law of nations and common usage at this day. This conference was held in the presence of the commodore of the Tripoline ship, and one of their ambassador's secretaries, who brought the letter from his majesty."

Translation of a letter from Sidy Mahomet Ben Abfalem Selawey.

"Praise is due to God alone. There is no power or strength but in God.

"To the consuls Peter Wyk and Simpson—health.

"Your letter reached the high presence of our master (whom God preserve) and I read it to him, also what you say on the subject of a passport for the Tripoline ambassador.

"This wheat to be sent belongs to my master, if you allow it to pass when the ambassador goes, as the property of his Majesty it will be very well. If not you will do what is regular, and is established by the treaties of peace between us and you.

"The Governor Hodge Abdarham Acbach will confer with you on this matter. Let what is in the treaties of peace be done.

"Written to you on the 7th day of Muharten, 1217 (corresponding to the 10th May, 1802.)

(Signed)

"*Mahomet Ben Abfalem Selawey.*"

"In the evening, at the request of the Governor, I wrote his Majesty to explain again the powerful motives why I could not sanction vessels going to Tripoli, but that I was ready to grant the usual certificates for those his Majesty might direct to be laden with cargoes, his property, for Tunis."

From No. 42.
Dated 17th June, 1802.

"It is with great concern I am under the necessity of acquainting you, that either the information given the Swedish Consul and myself on Sunday last, respecting his Imperial Majesty having consented to allow his wheat vessels to go to Tunis, was extremely fallacious on the part of the Governor of Tangier, or the Emperor must have speedily repented of having taken that resolution.

"This morning the governor sent for me again, to say he had fresh instructions from his Majesty, with orders to demand from me passports for those vessels to go direct to Tripoli, and in case of refusal that I was to quit the country, adding that the letter was written in such strong terms as must prevent his consenting to any mitigation. After a very long conference he at last, however, allowed me time to write to commodore Morris at Gibraltar which I am now about to do fully."

—

From No. 43.
Dated Gibraltar, June 26, 1802.

"With this I beg leave to inclose a copy of 42, and an extremely sorry to add the intelligence of my having been compelled by the Governor of Tangier to retire from thence on Thursday evening, in consequence of positive orders from his Imperial Majesty to that effect I received on the evening of the 22d, accompanied with advice of his having declared war against the United States.

"I had another interview with the governor of Tangier when I succeeded in obtaining his promise to suspend again the execution of his Majesty's orders received on the 16th for my expulsion, until he could represent to his Majesty the impossibility he was then satisfied had always existed to my granting the required passports, since the commodore could not function them."

—

From No. 44.
Dated Gibraltar, 3d July 1802.

"I have now to acquaint you, that yesterday I received a letter from the governor of Tangier, dated 30th June, advising that his Imperial Majesty (in answer to the letter he wrote on the 22d) had directed that I might be permitted to remain there six months; adding that in consequence, I was at liberty to return to my house in Tangier, or not, as I should see fit."

—

Extract of a letter from James Simpson, Esq. Consul of the United States, &c. for the kingdom of Morocco, to the Secretary of State, dated at Gibraltar, 16th July, 1802.

"I have the honor of transmitting with this duplicate of No. 44, also a copy of the letter I wrote the Governor of Tangier, in answer to that I mentioned to have received from him. On the same sheet is an extract of a letter from the Danish consul at Tangier, to me, containing substance of what the Governor encharged him to communicate by way of reply to my letter to him; all which I beg leave to submit to your perusal.

"In constant hope of seeing the Adams, upon mature consideration, I thought as I had been expelled the country, and the alarm given of danger to the American flag, it was best wait her arrival, and receipt of the instructions I fully depended on receiving by that ship, before I closed with the Governor's proposal of returning to Tangier, or entirely reject it; by this I was guided in the answer I gave to his letter, and it is satisfactory to see the determination meets his entire approbation."

"My friend at Rhabat writes me, under twenty fifth July, that the equipment of the two frigates there, goes on but slowly; but at Tetuan I find they make all dispatch with the two galleys, and that this day week, guns, anchors and cables, were sent from Tangier by a Moor's boat for him."

—

Copy of a letter from J. Simpson, Esq. Consul of the United States, &c. for the kingdom of Morocco to the Governor of Tangiers, dated at Gibraltar, 5th July, 1802.

Sir,

"I have received your Excellency's letter of the 29th last Moon, advising me his Imperial Majesty Muley Soliman had been pleased to direct that I might remain in Tangier six months. Had that order reached you, previous to my being compelled to retire from his Majesty's dominion, I should certainly have availed of it. The frigate we expected from America has not yet reached this place; the moment she arrives I will do myself the honor of writing his Imperial Majesty, and in the mean time, I beg you will be fully assured, my best endeavors will continue to be exerted for a renewal of peace and good friendship, between his Imperial Majesty and America."

CONGRESS.

HOUSE OF REPRESENTATIVES.
Monday, Dec. 27.

On motion of Mr. Mitchell, ordered that 500 copies of the report of the secretary of the treasury of the 16th inst. be printed for the use of the members.

Mr. Davis observed that he was of opinion that a member of the house retained his seat contrary to the spirit and sense of the constitution. It, therefore, became his duty to offer a resolution for instituting an enquiry into the subject, in doing which he disclaimed all personal view. He then made the following motion:

Resolved, that the committee of elections be, and they are hereby instructed to enquire whether John P. Van Ness, one of the members of this house from the state of New-York, returned by said state to serve as one of its members in the seventh Congress of the United States, has not, since his election as a member, accepted of, and exercised the office of a major of militia, under the authority of the United States, within the territory of Columbia, and thereby forfeited his right to a seat as a member of this house.

Mr. Mitchill considered the point as interesting in two relations; that which involved the decision of a principle, and that which went to deprive the state, (New-York) one of whose representatives he was, of a member. For these reasons he hoped the business would not be immediately pressed. He acknowledged this was not the first intimation he had received of the contemplation of such a motion; but he had entertained a hope that the gentleman, with whom it originated, had, on reflection, considered it not inconsistent with his duty, to abandon it.

Mr. Davis replied that he felt no disposition to press a decision. He had communicated, the first day he took his seat, his ideas on the subject to certain members, the friends of the gentleman implicated by the resolution, in hopes that he would resign. He now entertained no wish to push the business. He supposed, however, that the resolution would of course go to the committee of elections. He repeated that he was governed by no personal prejudice, but entirely by a sense of duty. He concluded with saying he was in favor of the question of reference being immediately taken.

But on Mr. Mitchel repeating his desire for some delay, Mr. Davis agreed to let the resolution lie till tomorrow.

Leave of absence was granted to Mr. Dawson till Thursday, to Mr. Huger till Friday; and to Mr. Campbell for one week.

The Executors of the late Gen. Geo. Washington, offer for sale, the following

TRACTS OF LAND, *viz.*

A tract in Loudoun county on Difficult Run, containing 300 acres. The soil well adapted for farming and a considerable proportion of it might easily de improved into meadow. There is a valuable mill-seat on the premises. It lies on the great road from the City of Washington, Alexandria and George Town to Leesburgh and Winchester, nineteen miles from Alexandria, less from the City and George Town and not more than three from the Great Falls of Potomac.

One tract containing 2,481 acres lying in the counties of Loudoun and Fauquier, called Ashby's Bent. The soil is that which is said to be most favorable to Plaster of Paris, well watered by several never failing streams issuing from the mountain—part of this land is cleared and tenanted for lives.

One tract lying part in each of the above counties, containing 885 acres. Chatten's run passes through this tract and gives several valuable mill seats. The soil is similar to the above tract and equally favorable to Plaster of Paris.

A tract on the South Fork of Bullskin, containing 1600 acres—One also, Head of Evans's Mill, containing 453 acres, and one on Wormley's line, containing 185 acres. These several tracts are in Jefferson (late Berkeley county)—the soil very similar in quality, and particularly adapted to the culture of Tobacco, Hemp, Wheat and Indian Corn, situated twelve miles from Harper's Ferry.

One tract containing 571 acres in Frederick county, this land is in the vicinity of the last mentioned tracts and equally valuable.

One tract in Hampshire county containing 240 acres—this tract, tho' small is extremely valuable. It lies on Potomac river, about 12 miles above the town of Bath (or Warm Springs) and is in the shape of a horse-shoe, the river running almost round it; two hundred acres of it are rich low grounds, with a great abundance of the largest Walnut and other trees, which with the produce of the soil, might (by means of the improved navigation of the Potomac) be brought to a shipping port with more ease and at a smaller expence, than that which is transported only 30 miles by land.

One third part of 1119 acres in Nansemond county near Suffolk, lying on the road from Suffolk to Norfolk and on Nansemond river—this land is considered extremely valuable by those who are acquainted with it.

One tract in Charles county, Maryland, containing 600 acres—it is very level and lies near the river Potomac.

One tract in Montgomery county, Maryland, containing 519 acres—This land lies about 30 miles above the City of Washington, not far from Kettoctan and is good farming land.

One tract in Pennsylvania, containing 234 acres—This land affords an exceeding good stand on Braddock's road from Fort Cumberland to Pittsburg, and a large quantity of natural meadow fit for the scythe. It is distinguished by the appellation of the Great Meadows, where the first action with the French, in the year 1754, was fought.

One other tract on the Mohawk river, State of New-York, containing 1000 acres.

In North West Territory.

Three tracts lying on Little Miami, containing 3051 acres.

In Kentucky. On Rough Creek, one tract containing 3000 acres; ditto adjoining 2000 acres. Indisputable titles can be given for the above lands.

Lots in the City of Washington.

Two improved lots near the Capitol quare 634. The improvements are, on each an elegant three story brick house.

Four other unimproved lots on the Eastern Branch, No. 5, 12, 13 and 14, in square 667. These lots are advantageously situated on the water.

ALEXANDRIA.

A few valuable lots in Alexandria, corner of Pitt and Prince-streets, three or four of which are let on ground rent at 3 dollars per foot.

WINCHESTER.

One lot in Town of half an acre, adjoining Doctor Makay's, enclosed with a good post and rail fence, and another in the commons of about six acres.

Bath, or Warm Springs.

Two well situated lots, on one of them a small building large enough to accommodate one family.

The terms of sale will be made known by application to either of the subscribers.
